ANUBHAV GOGOI

SOFTWARE DEVELOPER

PROFILE

I'm a 23-year web developer focused on building products with JavaScript. Besides that i take a keen interest in UI design. Given that producing a modern website requires the combination of design and server technology, I believe having experience in both allows the most optimal user experience.

SKILLS

Coding Languages
HTML/CSS, SASS, JavaScript, JQuery, AJAX , Photoshop

Frameworks/Systems
ReactJS, Bootstrap, NodeJS, Firebase

PROJECTS

Chat Room Application
Chat room application using firebase as its backend

Space Invaders Games in JS
